1. STATEMENT OF CONTEXT AND PURPOSE

St Andrews Christian College (the **College**) is committed to protecting its students from all aspects of harm, and has established strategies, practices, policies and procedures to uphold this commitment.

The College's aim is to create an environment where students can receive a Christian education in a calm and Christ focused environment characterised by ethical behaviour and defined professional boundaries, and where they feel safe and supported by the College.

All policies, protocols and procedures flow from the St Andrews Christian College Mission Statement:

To educate our students so that they are well skilled, understand life on the basis of biblical truth, and are motivated to walk with God and serve Him in their lives, so that they will be a positive Christian influence in the world.

In accordance with its ethos, the College recognises that all students are made in the image of God (Genesis 1:26) and are, therefore, valued by God. Thus, they should be valued highly and safeguarded by staff, their peers, visitors to the College, and family members. The care and protection of children is also a key principle in the teachings of Jesus Christ, who reserved His most severe condemnation for those who 'cause a child to stumble' or hinder them. The policies and procedural strategies we implement are the practical expression of our faith in Christ and desire to be faithful to His teachings.

The College takes a zero tolerance approach to any behaviours that jeopardise student safety and wellbeing (including all forms child abuse and reportable conduct). The College regards its student safety and wellbeing responsibilities with the utmost importance as it delivers a Christian educational program that promotes the College's Motto, Statement of Belief, Mission and Purpose.

This policy sets out in an accessible, child focused, culturally safe and easily understood manner, the ways in which concerns about all forms of child abuse and other reportable conduct may be brought to the College's attention, and will otherwise be dealt with, both internally and in accordance with the College's external reporting obligations.

This policy is a procedure for responding to and reporting child abuse allegations for the purpose of Ministerial Order No. 1359 – Implementing the Child Safe Standards – Managing the Risk of Child Abuse in Colleges and College Boarding Premises.

2. APPLICATION

This policy applies to all Board members, employees, volunteers, contractors and other authorised personnel required to perform functions on the College's premises, or at College-organised activities and events. Collectively, these individuals are referred to as 'staff'.

This policy extends to any other person who is engaged in student-connected work at the College, or that otherwise has direct and regular contact with the College's students (whether supervised or not).

3. DEFINITIONS

The Student Safety Definitions document sets out the key definitions used in the College's student safety and wellbeing policies. For the avoidance of doubt, the following definitions are detailed below.

Mandatory Reporter

Has the meaning given to it by section 182 of the *Children, Youth and Families Act 2005* (Vic) (**CYF Act**). It includes but is not limited to registered teachers (including early childhood teachers), staff with post-secondary qualifications employed in the care, education or minding of children, College principals, registered nurses, students in training to become teachers (who have been granted permission to teach under relevant legislation), registered psychologists, out of home care workers, early childhood workers and any other person referred to in section 182 of the CYF Act.

Reasonable Belief

Means a belief that would lead a reasonable person in the same position as you, and with the same information as you to form a belief that child abuse (including sexual abuse) or reportable conduct is occurring or may occur. There must be some objective basis for the belief. However, it is not necessary to have proof to form a reasonable belief, nor do you need to make a judgement about the truth of an allegation. However, a reasonable belief is more than suspicion, mere rumour or speculation. Examples on circumstances where a reasonable belief may be formed are provided in this policy.

4. RELEVANT PRINCIPLES

The Board and its staff have a variety of mandatory reporting obligations in relation to child abuse and other reportable conduct. The College is guided by this policy to fulfil its (and its staff's) obligations and aims to ensure that:

- a) Staff, students and members of the College community feel encouraged to raise concerns in accordance with this policy.
- b) The Student Safety Officer (SSO) and Student Safety Champions (SSCs) are carefully selected based on certain attributes and their role in the College.
- c) Contact details of the SSO and SSCs are readily available and widely known to the College community.
- d) All concerns are treated seriously, with the utmost importance and are responded to in a prompt, appropriate, sensitive and thorough fashion.
- e) The College and its staff have knowledge and an understanding of their legal obligations with their reporting concerns, and comply with them proactively.
- f) The College's processes for responding to student safety and wellbeing concerns (and the complaints process generally) are legally compliant (with regard to privacy laws, reporting obligations and employment law), culturally safe and understood broadly - including by children and young people, their families and staff.
- g) Investigations are conducted fairly and without bias, promptly and without undue delay.
- h) All reasonable steps are taken to protect the identity and wellbeing of a student who is the subject of a concern, and ensure that no adverse action is taken against a person who raises, or is the subject of a concern.
- i) All reasonable steps are taken to co-operate with law enforcement agencies regarding concerns raised under this policy, and that they are reported to relevant authorities regardless of the legal obligation to do so.

- j) Members of the College community understand and have confidence in the processes that will be followed by the College in response to concerns.
- k) This policy is student-focused and can be easily understood by the College community, in particular students.

When complying with this policy, it must be appreciated that fulfilling the roles and responsibilities contained herein will not displace or discharge any other obligations that arise if a person reasonably believes that a student is at risk of child abuse or reportable conduct.

5. RAISING CONCERNS

How the College community may raise concerns with the College

If you have a belief that a student is in immediate danger, you should immediately phone the Police on 000.

If you are a member of the College community (other than a member of staff), with a concern about child abuse or reportable conduct involving a student, then you are encouraged to raise that concern with the Principal, or a member of the Executive Leadership Team, the SSO and SSCs.

As the welfare and the best interests of the College's students are paramount, you are encouraged to make a report, whether or not you have formed a belief on reasonable grounds that the abuse or conduct has occurred.

Relevant contact details for the College's SSO and SSCs are set out in the below table.

(List updated 30 Jan 2026)

Shirley Gillie	Student Safety Champion & Head of Learning Support	sgillie@standrews.vic.edu.au Phone: 8847 8341

The College has appointed the Mrs Marina Heading as its SSO. The SSO has an important role in the promotion and maintenance of a student and culturally safe culture at the College.

Where a concern relates to one of the SSCs, it should be reported to the SSO.

Where a concern relates to the SSO, it should be reported to the Principal.

Where a concern relates to the Principal or a Board member, concerns should be raised with the Board Chair by email at chairman@standrews.vic.edu.au.

How staff will deal with their own concerns

Staff with, or who are aware of concerns about child abuse or reportable conduct must also address any concerns they may have in accordance with this policy.

6. THE COLLEGE'S RESPONSE

This section sets out how the College will acknowledge a concern about child abuse or reportable conduct involving a student.

Receiving a concern

A member of College staff, upon becoming aware of a concern, is required to:

- a) Listen to the concern in a considerate, patient and supportive manner (and appropriately where the concern is coming from a student).
- b) Identify the party or parties involved.
- c) Confirm the basic details, without seeking extensive information, casting judgment or asking suggestive or leading questions.
- d) Take a detailed file note.
- e) Remain balanced and not assess the validity of the concern(s) being raised.
- f) Explain that other people may need to be informed about the concern, in order to stop any inappropriate or unlawful behaviour and to comply with the College's legal obligations and procedures.
- g) Confirm that the College takes the concern seriously.
- h) Offer support to the student(s) involved in the concern, and their families. This may include encouragement to access confidential wellbeing and support services, either internal or external to the College.
- i) Outline the process that will be followed by the College in dealing with the concern, in accordance with this policy.

The member of College staff should then:

- a) Promptly and thoroughly manage the response of the College (including by monitoring the College's overall compliance with this policy and accounting for alternatives if the staff member allocated to resolve the concern is unable to perform their role).
- b) Comply with their personal reporting obligations as set out in this policy.
- c) Notify the Principal, the SSO or SSCs, or otherwise a member of the Executive Leadership Team, about the concern.

- d) If the SSO, one of the SSCs, or a member of the Executive Leadership Team is the subject of the concern, notify the Principal about the concern.
- e) If the Principal is the subject of the concern, notify the Board Chair about the concern.

The College will then take such steps as it considers appropriate to protect any student connected with a concern until it is resolved, including by ensuring that any mandatory reporting obligations are met, and also, that allegations, suspicions or disclosures are made to relevant authorities (including but not limited to Child Protection and SSR) have been met, regardless of whether there is a legal obligation to report.

Resolving the concern

The College will investigate the concern where appropriate, which will ordinarily require a determination, on the balance of probabilities, whether the concern is substantiated or not.

When doing so, the College will take into account the diversity and characteristics of the College community to ensure equity is upheld and act to reduce barriers to inclusion.

The decision-maker will usually be the Principal (or their nominee), although where the concern relates to the alleged conduct or misconduct of the Principal then the decision-maker will be the Board. The College may rely on legal or third-party assistance to investigate or determine the concern.

Where a concern involves allegations against a staff member, the College will need to notify the staff member about those allegations (to the extent that it is appropriate to do so, which may initially involve only notification that there has been a concern), outline the process to be followed, and advise the staff member about the process pending the resolution of the concern (which may, in appropriate cases include the staff member being stood down, without judgment, while the concern is being dealt with).

To the extent that the College decides it is appropriate or practicable to do so, any investigation will usually involve:

- a) Interviewing the subject of the concern and key witnesses or individuals (noting that more than one interview may be required).
- b) Reviewing relevant documents, correspondence and materials of substance.
- c) Taking notes of any interviews (or where appropriate, transcripts of audio recordings of any interviews) during the investigation.
- d) The relevant decision-maker determining whether, on the balance of probabilities, the concern is substantiated.

Witnesses being interviewed will not be unreasonably refused a support person.

If the concern is substantiated, the College will take appropriate action (which may, in the case of a current staff member, potentially include summary dismissal for serious misconduct). Even if a concern is not substantiated, the findings made by the College during the course of investigating the concern may, in certain cases, still result in disciplinary action (including dismissal).

Following the conclusion of its investigation, the College will indicate the outcomes of the investigation to:

- a) The person, or student who raised the concern.
- b) The person subject of that concern (where appropriate).
- c) Any external authorities (including SSR, Victoria Police, VIT and any other child protection bodies) to whom a report is required to be made.

The College may need to adjust this policy to reflect the circumstances

This policy applies regardless of whether the alleged behaviour which is the subject of a concern, occurred on or outside College grounds, or concerns current or former students.

It may not be appropriate or possible for the College to investigate that concern in strict accordance with this policy where a concern is raised with the College and:

- a) An investigation by Victoria Police, SSR or VIT relevant to the concern is ongoing.
- b) Civil or criminal proceedings relevant to the concern are ongoing.
- c) The concern relates to the conduct of current or former students.
- d) The concern relates to the conduct of former staff.

In such circumstances, the College will seek and act on legal advice to comply with this policy to the extent it is appropriate to do so (and in particular to protect the health, safety and wellbeing of all current students of the College).

Keeping the College informed

It is the College's preference that members of the College community (including students, staff, volunteers, parents, etc) promptly inform the Principal, a member of the Executive Leadership Team, the SSO or SSCs of any matters on the subject of a potential reporting obligation under this policy which relate to the College community, so that the College can coordinate the information and support the Police and affected students and their families as required.

However, the College appreciates that in some cases it will be necessary for an external report to be made before the College is notified (and nothing in this policy is intended to limit a person's right, or obligation, to make external reports). At the very least, the Principal, a member of the Executive Leadership Team, the SSO or SSCs should be notified after an external report is made.

Reflection and continuous improvement

It is important that the College's student safe practices are subject to continuous improvement.

The College will analyse complaints, concerns and safety incidents to identify causes and (if applicable) systemic changes to inform continuous improvement.

The College will report on the findings of relevant reviews of student safety and wellbeing practices to staff, students and the community, particularly where the College's usual practices are improved as a result.

7. OTHER CONSIDERATIONS

Concerns relating to other students

This policy also applies to concerns involving the behaviour of other students.

For example, mandatory reporting obligations are not limited to the actions of staff, and the failure to disclose offence can also apply to alleged sexual activity by adult students.

Where a concern involves child abuse or other inappropriate behaviour allegedly perpetrated by a student, the College will comply with its mandatory reporting obligations, and may otherwise exercise its discretion to inform SOCIT.

Subject to any Police clearance which may be required, the College will otherwise deal with student-on-student behavioural issues in accordance with its Behaviour Management and Restorative Discipline Policy and any other relevant student discipline policies and procedures.

Information provided to students

Students are provided with age-appropriate information during class time and through College assemblies about what to do in response to an allegation of suspected child abuse and the need to promptly alert a member of staff if they believe that they, or a peer, is suffering from child abuse or reportable conduct.

Information provided to students includes, but is not limited to:

- a) Remain calm.
- b) Promptly seek help and speak to a trusted staff member (including a member of the Executive Leadership Team, the SSO or SSCs about the concerns.
- c) Remember this is not your fault, you are not to blame and are not in trouble.
- d) Tell the story in your own words, with as much detail as you can.
- e) Do not be afraid of saying the “wrong” thing.
- f) Listen carefully to any instructions you receive from staff (or if applicable, the Police or other authorities).
- g) Listen carefully to information you receive from staff about what will happen next (for example, and subject to the circumstances, authorities notified, parents informed, internal and/or external investigation).
- h) Be reassured that that you have done the right thing.

Records

The College will make, keep and secure clear and contemporaneous records of any concerns raised in accordance with this policy, and the steps taken by the College to respond to those concerns.

The College will also create, maintain and dispose of any records about student safety and wellbeing in line with the Public Record Office Victoria Recordkeeping Standards, including minimum retention periods regarding these obligations. In addition, the College will ensure all staff understand relevant obligations in relation to information sharing and record-keeping.

Support

The College will afford appropriate support to students the subject of, or otherwise connected to, concerns raised under this policy, particularly until the concern is resolved.

If a concern involves a student who identifies as Aboriginal or Torres Strait Islander, or is from a culturally and/or linguistically diverse background, steps will be taken to ensure that the student, and their family, is supported to understand the situation and are supported, including via the use of an interpreter where required.

If a concern involves a student with a disability, steps will be taken to ensure the student, and their family, understand the situation and are supported.

If a concern involves a student with needs, particular vulnerability, special circumstances or otherwise contextualised support will be considered to ensure the student, and their family, understand the situation and are supported.

The College will also provide appropriate support to staff who make mandatory reports under this policy, or who are assisting the College or families with the process outlined in this policy.

Cooperation with authorities

The College will cooperate with any investigation by Victoria Police, CCYP or any other relevant authority in relation to a concern or report (whether made under this policy or otherwise).

Confidentiality

Appropriate confidentiality will be maintained at all times when dealing with concerns under this policy, with information only being provided to those who have a right or otherwise, on a “needs to know” basis.

Communication

Where appropriate, the College will provide parents, carers and guardians with guidance and support where a student is the subject of a concern.

Staff do not require consent from a student’s parents before making a mandatory report in accordance with this policy. Similarly, staff are not required to disclose that a mandatory report has been made.

However, the College will keep families updated as it considers appropriate about the way in which it is dealing with concerns affecting that family's child.

Victimisation is not tolerated

The College will not tolerate victimisation towards someone because they have raised or participated in a process contemplated by this policy, including by raising a concern or making a mandatory report.

This will occur if the College forms the view that it is prudent to independently confirm a prospective recruit's medical fitness to perform the duties that relate to the role that the prospective staff member is applying for. Such an assessment will be conducted by a registered medical practitioner of the College's choice.

If the registered medical practitioner is unable to recommend employment of the applicant, the College may withdraw the offer of employment (if the offer has already been made).

8. THE COLLEGE'S REPORTING OBLIGATIONS

This section sets out the main mandatory reporting obligations that apply to the College and its staff.

The College treats seriously its reporting obligations and recognises that student protection is everyone's responsibility. Whilst the Principal, the Executive Leadership Team and SSO are primarily entrusted with day-to-day responsibility for ensuring that these reporting obligations are met, all staff and appropriate personnel (including the SSCs) are required to uphold the ethos of this policy by ensuring that student safety matters are reported internally, and externally where required.

Staff will receive training on their personal reporting obligations to achieve this, which are summarised below:

Reporting a Sexual Offence: Failure to Disclose Offence

The Crimes Act 1958 (Vic) makes it a crime to fail to disclose a sexual offence against a child.

As a result, anyone (and not just a not just professionals who work with the College's students, or with children and young people generally) aged 18 or over must make a report to Victoria Police if they form a reasonable belief that a sexual offence has been committed against a child under the age of 16 years, by a person aged 18 years or over.

A 'reasonable belief' or a 'belief on reasonable grounds' is not the same as having proof, but is more than mere rumour or speculation. A 'reasonable belief' is formed if a reasonable person in the same position would have formed the belief on the same grounds. For example, a 'reasonable belief' might be formed if:

- a) A student states that they have been sexually abused.
- b) A student states that they know someone who has been sexually abused (sometimes the student may be talking about themselves).
- c) Someone who knows a student states that the student has been sexually abused.
- d) Professional observations of the student's behaviour or development leads a professional to form a belief that the student has been sexually abused or is likely to be abused.
- e) Signs of abuse lead to a belief that the student has been sexually abused.

If you are not sure whether you have a reasonable belief, you must consult with the Principal, a member of the College's Executive Leadership Team, the SSO or the appropriate body to which a report must be made.

If you have formed a reasonable belief in relation to a sexual offence, you must immediately report the belief to Victoria Police by calling 000 in an emergency or otherwise, to the Knox Police Station on (03) 9881 7000.

You must then make a further report on each occasion on which you become aware of any further reasonable grounds for the reasonable belief.

Failure to make a report without reasonable excuse is an offence under section 327 of the *Crimes Act 1958* (Vic) and carries a potential term of imprisonment.

However, it may not be an offence not to disclose a sexual offence against a child to Victoria Police if you have a reasonable excuse. This may occur if you:

- a) Have a reasonable fear that reporting your reasonable belief to Victoria Police may pose a risk to your own or another person's health and safety (including the relevant child or young person, but not including the alleged perpetrator of sexual offence).
- b) Were told about the sexual offence by the alleged victim, who was 16 or older at the time they disclosed the abuse, and they have asked you not to report the abuse.
- c) Believe on reasonable grounds that the information has already been disclosed to Victoria Police by another person (such as a Child Protection authority) and you have no further information.

If there is uncertainty about the need for a report to Police (or another body) you should seek advice from the Principal, the Executive Leadership Team, or the SSO about whether you are still required to make a report.

The Reportable Conduct Scheme

The *Children Wellbeing and Safety Act 2005* (Vic) established the Reportable Conduct Scheme (**Scheme**) now managed by the SSR. The Scheme requires the College to report and investigate reportable allegations (as defined in the Student Safety Definitions document) against a current member of staff.

The Principal (or their delegate) will notify SSR of any alleged reportable conduct or alleged misconduct that may involve reportable conduct in respect of a staff member.

A disclosure can be made using an online form available at rcs.ssr.vic.gov.au, [SSR | Notify about a reportable allegation](#). SSR may also be contacted by phone on 1300 310 778 or by email at contact@ssr.vic.gov.au in relation to any queries.

Further, the Scheme requires the head of an entity (the Principal) to do certain things upon becoming aware of a reportable allegation about a member of staff. These obligations include, but are not limited to, managing any immediate risks to students, making reports as required by law and investigating the allegations when appropriate clearance has been received (refer below).

Where a reportable allegation is about the Principal, the Board Chair will assume responsibility for complying with the head of entity's obligations under the Scheme.

As soon as practicable after becoming aware of a reportable allegation, the head of the entity must respond to the reportable allegation by making the notifications to SSR and investigating the allegation:

- a) Initial notification – within three (3) business days after becoming aware of the reportable allegation.
- b) Update – as soon as practicable and within thirty (30) calendar days after becoming aware of the reportable allegation.
- c) Advice about investigation – as soon as practicable.
- d) Outcome(s) of investigation – as soon as practicable.

Mandatory reporting

Mandatory reporters (as defined in the Student Safety Definitions document) have mandatory reporting obligations under the *Children, Youth and Families Act 2005* (Vic). Failure to make a mandatory report can constitute an offence under that Act.

If you are a mandatory reporter, and you have formed a reasonable belief that:

- a) a child has suffered, or is likely to suffer, significant harm, as a result of physical injury or sexual abuse; and
- b) the child's parents have not protected, or are unlikely to protect, the child or young person from harm of that type,

you must **immediately** report the belief to Child Protection by calling 1300 655 795 during business hours, or 13 12 78 after hours. Additional reports must be made on each occasion where a mandatory reporter becomes aware of any further reasonable grounds for the belief.

Staff must check whether they are mandatory reporters.

A mandatory reporter must make a report even if the SSO or an SSC does not share their belief that the report must be made. The College will afford support where appropriate to mandatory reporters who make a report under this policy.

Victorian Institute of Teaching (VIT)

In accordance with the *Education and Training Reform Act 2006* (Vic), the College must notify VIT if it has taken any action against a registered teacher in response to allegations:

- a) Of serious incompetence.
- b) Of serious misconduct.
- c) That the teacher is unfit to be a teacher.
- d) That the teacher's ability to practice as a teacher is seriously detrimentally affected, or likely to be seriously affected, because of an impairment.
- e) Any other actions against a registered teacher that may be relevant to their fitness to teach.

The College must also notify VIT if it becomes aware that a registered teacher has been:

- a) Charged with, convicted or found guilty of certain criminal offences that affect the right to hold a Working with Children Check (WWCC).
- b) Given a negative notice in relation to a WWCC.

Referral to Child FIRST/Orange Door

A referral to Child FIRST/Orange Door should be considered if, after taking into account the available information, a staff member forms a view that the concerns have a low-to-moderate impact on the wellbeing of a student under the age of 17 years, but the student is not at risk of significant harm (meaning a mandatory report is not required).

Anyone with a concern for a student's wellbeing can make a referral to Child FIRST/The Orange Door. If the Principal does not wish to make a mandatory report, this does not discharge the mandatory reporter's legal obligation to do so *if the mandatory reporter continues to hold a reasonable belief that abuse or a sexual offence may have occurred* (including in circumstances where the student's parents have not or are unlikely to protect their child from that harm). In that circumstance, the mandatory reporter must still make a report to Child Protection or a referral to Child FIRST/Orange Door and in the case of a sexual offence, Victoria Police.

Examples of situations where a referral to Child FIRST/The Orange Door may be appropriate include:

- a) Significant parenting problems that may be affecting the student's development.
- b) Family conflict, including family breakdown.
- c) A family under pressure due to a family member's physical or mental illness, substance abuse, disability or bereavement.
- d) Young, isolated and/or unsupported families.
- e) Significant social or economic disadvantage that may adversely impact on a student's care or development.

Many cases will not fit neatly into these categories. For guidance about whether a referral to Child FIRST/The Orange Door should be considered, staff can refer to the College's SSO or SSCs, as well as the information available on the DFFH's website.

Please note that whilst Child FIRST acts as the access point for family services, it is progressively transitioning to the Orange Door. Child First/Orange Door can be contacted at 1800 319 353.

9. COMMUNICATION AND IMPLEMENTATION

This policy is made publicly available on the College's website.

This policy is available to staff as part of the College's and the Board's internal policies and procedures. Aspects of (and updates to) the College's student safety and wellbeing framework, including this policy will be addressed in the College's professional development updates, training programs, bulletins and newsletters.

To properly implement this policy:

- a) The Board will review this policy and the College's student safe practices at least every two years (or more frequently after a significant student safety incident) and implement improvements where applicable.
- b) Families and the College community will be afforded the opportunity to contribute to the review and development of the College's student safe policies and practises (including this policy).
- c) Periodic training and refresher sessions on this policy are provided to all staff.
- d) All staff must ensure that they abide by this policy and assist the College in implementing this policy.
